WORK EXPERIENCE

Tech Customer Support Representative | *TEKsystems (Computershare)* — Remote | March 2025 – September 2025

- **Resolved 50+ Tier 1 support tickets daily** — password resets, account unlocks, and login troubleshooting — meeting **SLA targets** consistently in a high-volume remote environment.
- **Maintained 99% ticket documentation** in the **CRM ticketing system** — detailed, accurate, and **audit-ready** every shift.
- **Reduced repeat escalations** by identifying patterns in **access and authentication failures** and applying targeted fixes that improved **first-contact resolution**.
- **Diagnosed and resolved hardware and software issues remotely**, delivering consistent results on time and to standard.

Customer Service Representative, Technical Support | Alorica (Client: Kaiser Permanente) — Remote |
September 2024 – February 2025

- **Resolved 50+ inbound and 40+ outbound tickets daily** in a **HIPAA-compliant healthcare IT environment**, achieving **98% SLA resolution** month over month.
- **Zero compliance violations** — managed **PHI-sensitive account access**, **EHR and EMR portal issues**, and **MFA resets** with full adherence to **HIPAA** and **data privacy standards** on every case.
- **Processed healthcare billing inquiries, claims questions, and benefit verification** — accurate **order entry** kept billing errors and escalations low.
- **Sustained 98% documentation accuracy** across **Zendesk** and **Salesforce** — clean case notes that strengthened the team **knowledge base** and reduced repeat inquiries.

2023 – 2024: Career Break — Continued professional development and targeted job search

Tech Customer Service Representative, SME and Supervisor | Everise (Clients: Cigna, Humana, WellCare) — Remote | September 2021 – December 2023

- **Promoted 3 times** — Representative to **Subject Matter Expert** to **Escalation Agent** to **Supervisor** — based on technical accuracy, reliability, and results.
- **Cut repeat contacts by 25%** as **Supervisor** by running **QA reviews**, coaching agents, and tightening **escalation workflows** across the team.
- **Owned the toughest tickets as SME** across **Cigna, Humana, and WellCare** — **50+ cases daily** covering **billing, claims, order entry, and account management**.
- **Trained new hires and authored knowledge base documentation**, standardizing **Tier 1 responses** and cutting onboarding time across all three accounts.
- **Managed escalations and conflict resolution** across **remote teams** — kept operations running smoothly through **cross-team collaboration** and clear communication.

2020 – 2021: Career Break — Family caregiving responsibilities

Healthcare Tech Customer Service Representative | Concentrix (Client: UnitedHealth Group) — Remote | November 2019 – January 2020

- **Resolved 50+ system access and technical issues daily** for **UnitedHealth Group**, maintaining **98% accuracy** in a fully remote, **HIPAA-compliant** environment.
- **Documented all PHI and PII incidents** in the **ticketing system** — records consistently **audit-ready** and aligned with **UnitedHealth Group data privacy standards**.
- **Strengthened team first-contact resolution** by collaborating with the **Tier 1 team** to build and share faster, more consistent solutions.

EDUCATION AND CERTIFICATIONS

Per Scholas — National Remote IT Support Program | December 2025 – May 2026 | In Progress

- Full-time training in **hardware and software troubleshooting, networking, operating systems, help desk operations, and technical documentation**.

CompTIA A+ | In Progress

- Covers **hardware, operating systems, networking, security, and troubleshooting** — the standard certification for **Tier 1 IT Support**.

Google IT Support and Cybersecurity Certificates | 2024 – 2025

- Completed training in **Networking, Operating Systems, IT Security, Technical Support, and System Administration**.

TryHackMe — Security Foundations Lab | 2025

- Completed hands-on labs in **threat detection, access control, incident response, and security operations** — applied **NIST frameworks** and practiced **escalation documentation**.
